

STRATEGY · TECHNOLOGY · OPERATIONS

Fuzion Consulting Group™ aligns technology with construction, engineering, capital programs, and field operations—delivering practical solutions for utilities, engineering firms, and regulated enterprises.

Core Competencies

- IT consulting—custom applications, integration, testing, support, and AI-enabled workflows
- Enterprise and construction document management, including Microsoft 365 platforms
- Business process mapping, automation, dashboards, portals, and reporting
- Capital-program planning, project controls, governance, and project management
- Application management, IT discovery, training, and organizational change management

Representative Experience

Arizona Public Service (APS)

Client relationship since 2019 under a Master Services Agreement. Scope has included document management, enterprise project management, process mapping, IT discovery, application support, technical libraries, and change management.

The Works Suite™

Fuzion Project Works™; Fuzion365 Field Works™; Fuzion Construct Works™; Fuzion Program Works™.

Support Beacon Relief™

Pro bono disaster-relief logistics platform delivered with Fuzion Chickasaw Group™ for Rancher Navy.

Differentiators

- 35+ years combined experience across power, gas, water, transportation, IT, and construction
- Field-to-office delivery by technologists who understand construction and project controls
- The Works Suite™—modular enterprise software for planning, field execution, documents, and governance
- Flexible delivery: SaaS, private tenant, Fuzion-hosted PaaS, customer-Azure PaaS, and hybrid integration by product
- Affiliate Fuzion Chickasaw Group™ for tribal and supplier-diversity opportunities
